Pivot Tables

A pivot table is a
data summarization tool

Pivot Table

- **Summarize**: A pivot-table can automatically sort, count, total, or give the average of the data stored in one table or spreadsheet.

Pivot Table

- **Summarize**: A pivot-table can automatically sort, count, total, or give the average of the data stored in one table or spreadsheet.

- **Display**: It displays the results in a second table (called a "pivot table") showing the summarized data.

Pivot Table

- Each column fill one of four roles:
  - Row Label
  - Column Label
  - Filter
  - Summarization Value
