Final Project Code Review Rubric

This is the rubric to assess the weekly check point code review sessions for the final project. This is written in a very open manner due to the differences between projects.

1   Project Progress (40%)

☐ Progress made appropriate to complete project on time including work on using libraries
☐ Progress on Art, Music, and Other resources you need

2   Development Quality (40%)

☐ Good use of checkins and iterative development practice
☐ Appropriate testing completed during development (automatic or manual)
☐ Good problem decomposition into objects and functions as appropriate
☐ Code quality including layout organization and naming
☐ Use and integrate libraries appropriately.
☐ Good use of C++ style

3   Documentation (10%)

☐ Final proposal in `PROPOSAL.md` with any approved updates added
☐ Development documentation in `DEVELOPMENT.md`*

4   Presentation & Participation (10%)

☐ Present plan to finish on schedule
☐ Arrived on time with all necessary materials and ready to go
☐ Appropriate pacing and engagement of the fellow students
☐ Engaged and paying attention to other students presentations
☐ Asks questions and/or makes comments that further the discussion*
☐ Explains reasoning for why something is good or bad
☐ Behaves respectfully to moderator and other students
