CS 225 Data Structures

Final Project (Due Friday, December 11th)

Fall 2020, Brad Solomon and G Carl Evans (revised November 1, 2020)

Grading Rubric

Here is the approximate breakdown for your final project grade. Note that a majority of the points for this project are awarded on the merit of your work ethic rather than your final results. Be sure not to miss submission deadlines for key checkpoints such as your mid-project meeting or team contract development.

Code Quality (45%)

- Code properly commented and organized (5%)

- Code successfully implements stated goals (35%)

- Code is efficient (5%)

Development and Documentation (30%)

- Usage and build documentation in README.md (5%)

- Project aims clearly defined in GOALS (5%)

- Development documentation and weekly log in DEVELOPMENT (5%)

- Results and figures described and documented in RESULTS (5%)

- Mid-project check-in meeting (10%)

Final Presentation (15%)

- Presentation Content (10%)

- Presentation Skills (5%)

Team Building (10%)

- Team Contract (5%)

- Final Peer Assessment (5%)
