

"Program 7"

On your own — ok to talk, ok to show, not ok to share content.

Find an exciting EOH project involving digital systems (software and/or hardware).

Interview one of the students who worked on (and did not simply present) the project.

- name of project
- name of person
- most exciting aspect (from your point of view) — ~ 1 IP / 1/2 of a page
- most challenging aspect (from their point of view) — ~ 1 IP / 1/2 of a page
- relevant classes (ask them) — "none" will probably lose points...
