Smoking can cause cancer almost  
anywhere in your body.

# High cost of vaping

Annual healthcare costs of exclusive e-cigarette users: **\$1.3 billion**

An exclusive e-cigarette user costs about **\$1,800 annually** more than person who does not use any tobacco product

Dual/poly tobacco use healthcare costs were even higher: **\$2,050 per person**

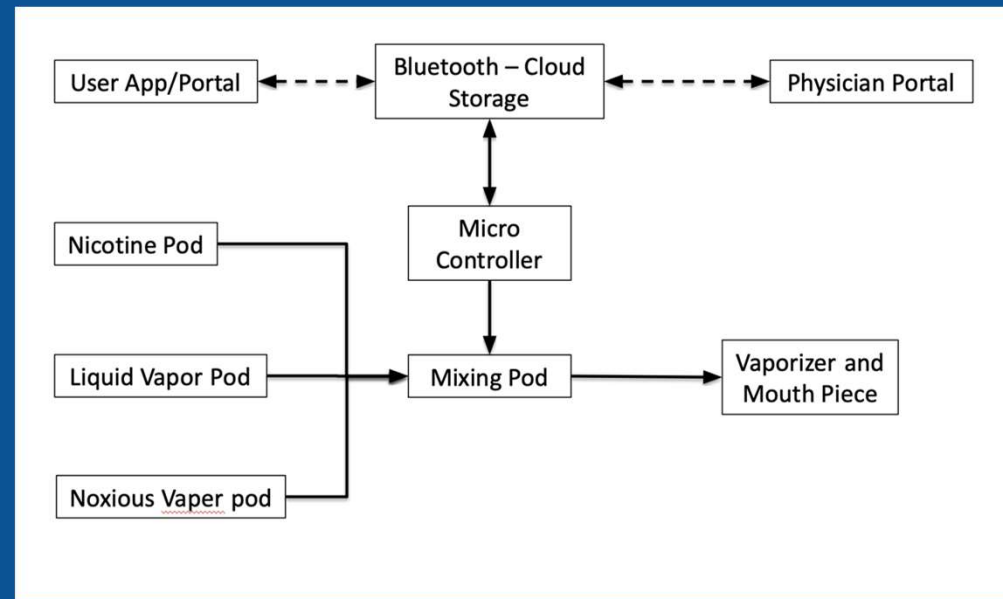

Solution:

Algorithmic Tapering  
Schedule

# Objectives:

# Project Requirements:

- Hardware
  - Design of vape device
  - Inner components with 3 pod chamber
  - Bluetooth/Connectivity
  - Rechargeable battery
- Software
  - Tapering algorithm
  - User App/Portal
