Brian Mehdián

Gaurav Nigam

Stephen Hill MD

Venkat Tummala

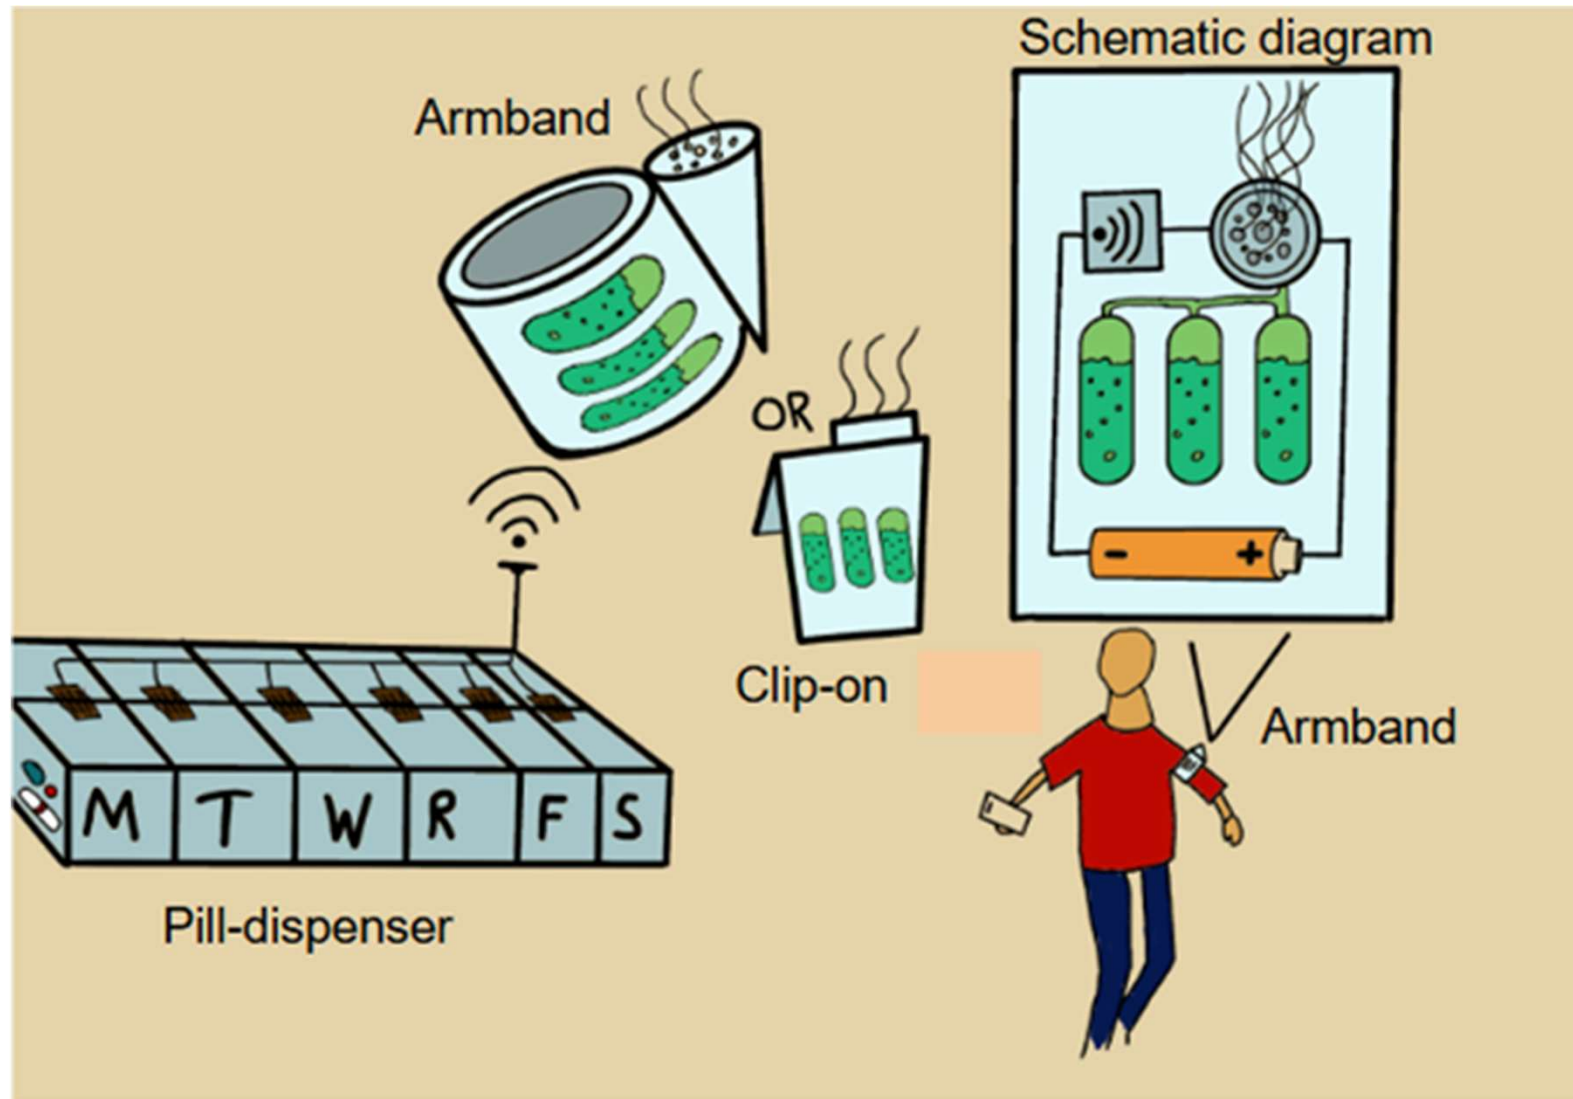

Problem

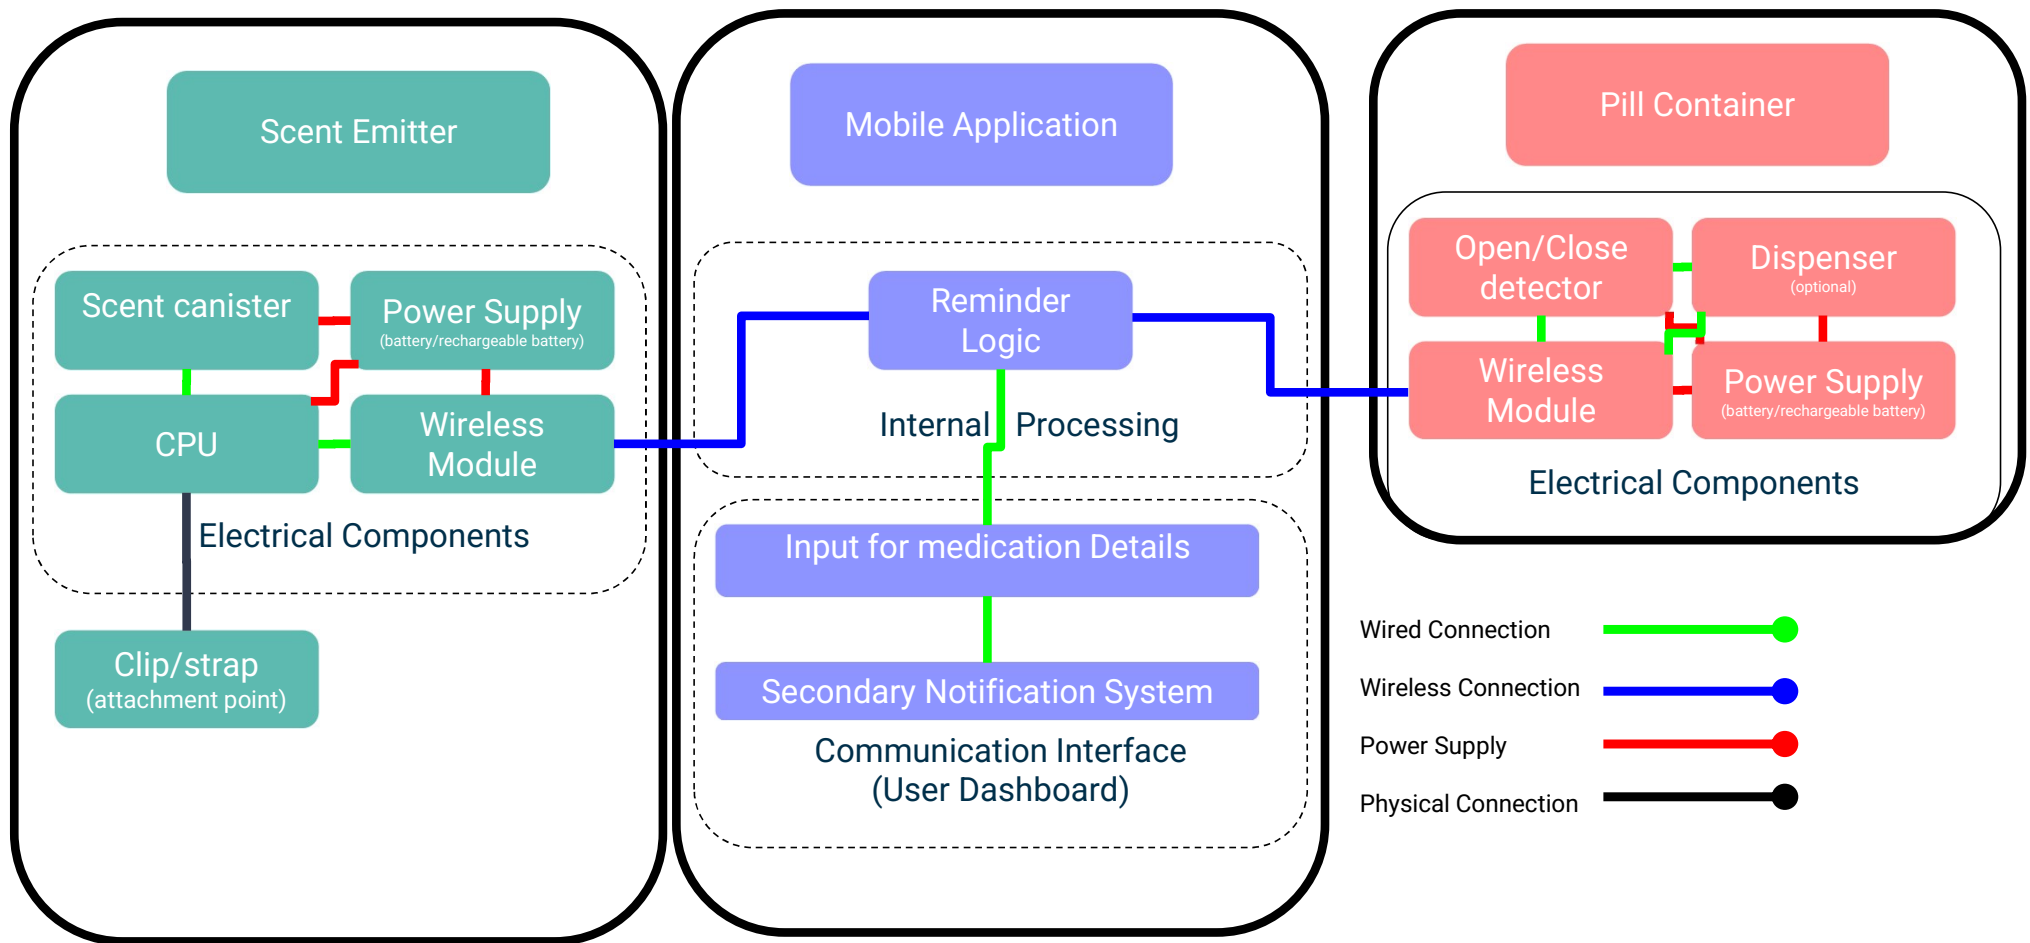

- 1 in 4 adults miss doses due to complex regimens or simple forgetfulness
- Many people, not just seniors, struggle with traditional tools like alarms and complex apps

Solution

- Smart pill containers
- Mobile app
- Wearable

Why
Adherascent?

Mobile

Wearable

Affordable

The Ask

We're looking for a Senior Design Team to help us with...

- Refining the engineering of our scent diffusion system
- Developing the Bluetooth and cloud-sync functionality for seamless mobility
- Assessing the safety and regulatory constraints of scent use in shared environments
- Conducting pilot testing to validate the long-term impact on adherence
