Design Review Evaluation Sheet

Design: 15 pts	Max Score		Min Score
High-level Design	**(3) -** *problem statement, solution, and high-level requirements are appropriate and well-defined*	**(2) -** *problem statement, solution, or high-level requirements need improvement*	**(0) -** *inappropriate or poorly defined*
Modularity	**(2) -** *design is modular and functions of each module are clear*	**(1) -** *modules need some revision or functions are unclear*	**(0) -** *design lacks modularity and needs major revision*
Detailed Design	**(7) -** *complete and well reasoned design with no major areas for improvement*	**(4) -** *mostly complete design with few areas for revision*	**(0) -** *significant improvement needed, design is largely incomplete, and/or major sections missing*
Scope	**(3) -** *adequately complex and feasible*	**(1) -** *project scope requires adjustment*	**(0) -** *significant adjustment required*

Comments:

Decorum: 5 pts	Max Score		Min Score
Professionalism & Preparedness	**(5) -** *each team member is punctual and knowledgeable and contributes with consistent attentiveness and enthusiastic delivery*	**(2) -** *some team members require improvement in this area*	**(0) -** *team lacked professionalism or preparedness*

Comments:

Instructor Follow-up Required ☐   **Total: ____/20**
