

Name: _____

TAM 210/211 - Written Assignment 1 (due Friday Jan 20)

Objective: Become familiar with uploading written assignments on compass2g

Instructions:

- Read carefully the document “WA-Instructions.pdf”.
- Your task is to create a two page hand-written document following the guidelines described in the instructions document.
- On the first page, write a short essay (one paragraph) telling us your major and why you decided to join UIUC.
- On the second page, write a short essay (one paragraph) telling us what you would like to do after your graduate. Graduate school? Work at big company? Explain your reasons.
- You MUST hand-write your essay in order to practice how to create a pdf file from a hand-written document.
- Remember that you can only upload one pdf file! So you need to combine both pages in one document!
- Submit your document following the guidelines presented in the document “WA-Instructions.pdf”.
- You can get 1% credit towards your total WA grade for successfully completing this assignment.

In general, the TAs will have one week to grade your written assignment. However, for this first assignment, they will complete the grading by Wednesday, Jan 25th. Make sure to check your graded assignment on compass 2g before you submit written assignment #2 due on Jan 27th. If your submission was completed successfully, you will receive a score “1” for this assignment. If your submission didn’t satisfy all the requirements, you will receive a score “0” for this assignment, and your TA will write comments explaining why your submission was not correct.
